

# Cannula/device compatibility list

English

This document specifies the cannulas compatible with ResMed's high-flow therapy device. For full details regarding the correct use of these devices, please refer to their specific User Guides.

Device	AcuCare™ HFNC	
	Hospital/Clinical use	Home use
Lumis™ HFT	✓*	✓**

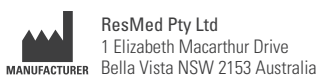

\* Single-patient hospital/clinical use (maximum 7 days).

\*\* Intended to be used for a maximum of 30 days.

For full details regarding the correct use of these high-flow nasal cannulas, please refer to their specific User Guides.

### Notes:

- Not all products are available in all regions.
- Maximum flow will be reduced at high altitudes when a small sized cannula is used.
